We have known for months that the big holidays in December would be a huge problem in our neighborhood, with unprecedeted numbers of cars and pedestrians, in a severe high-fire hazard zone in a residential area that has no sidewalks; crumbling, narrow substandard streets. no regulation and no infrastructure.

DO YOU NOT SEE A PROBLEM HERE? The residents are UNABLE to get IN OR OUT OF THEIR HOMES.

These photos were just taken, on 25 Dec 2015, between 16:30-17:00, at the corner of "dirt" Mulholland and Ledgewood Drive.

We are (again) REQUESTING IMMEDIATE CLOSURE OF DIRT MULHOLLAND, as well as REDIRECTING ALL NON-RESIDENT TRAFFIC AWAY FROM CANYON LAKE DRIVE.

Perhaps you should be privy to this letter addressed to Mike Feuer:

I have also CC'd the CA Department of Justice, as there is currently no law and order in the community under the Hollywood Sign. There is no regulation, no monitoring, no control. It is utter chaos and putting the residents and all of the visitors at risk **EVERY SINGLE DAY**.

Enough of this charade. Your alleged "extra enforcement" is quite obviously **GROSSLY INADEQUATE**.

This photo is proof of the bang-up job C4 and their enforcement team is doing this weekend. And a perfect example of a dangerously flawed strategy. There should be no interim plan the places lives in danger and traps people in their homes on weekends and holidays.

I'd like to lock all the city execs and lax enforcers in Heather's home on a weekend to see how they like it. They could then deal with the careless drivers who leave and trap her in, smokers who say they want to burn those homes down, kids who pee on her walls, drones overhead, and then clean up the trash, condoms and joints left on the ground.

I totally understand why she and others are moving. The area is uninhabitable.

One last thought. Heather how are you even able to show your home for sale on weekends? Isn't the city causing you damages by:

- limiting your ability to show your home for sales on weekends (no parking/ no way to & from it)?
- presenting an unofficial chaotic parking lot in front of the home?
- the city knowingly posting signage to help GPS and send street vehicles and walkers to your residential area to create this situation?
- city enforcers giving warnings instead of ticketing

I would imagine all of this reduces the home's value and your ability to sell it. I know you have hundreds of pics (we all do) that show the increase in this problem since the signage was placed and Vista was balded.
